

**REMARKS**

This Preliminary Amendment is submitted to improve the form of the specification, drawings and the claims as originally filed. Because the changes being made to the Specification are extensive, a Substitute Specification is submitted concurrently herewith in marked-up and clean form.

Regarding the amendment to FIG. 6, the amendment serves to remove a typographical error in the text of item 102. For all amendments and added claims, care has been exercised to avoid the introduction of new matter.

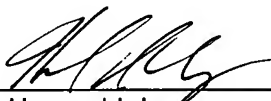

It is respectfully requested that this Preliminary Amendment be entered in the above-referenced application.

If there are any additional fees associated with filing of this Preliminary Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
